## Nota

Le misure "52x66" e "52x81" sono intese come gli ingombri dati da supporti e relativi coprisupporti standard in plastica.

Le misure effettive dei soli supporti, senza coprisupporti standard in plastica, sono pari rispettivamente a 50x65 mm e 50x80 mm.

## Note

"52x66" and "52x81" measures are intended as the dimensions of brackets and relative standard plastic covers.

Effective measures of the brackets only, without the application of standard plastic covers, are respectively equal to 50x65 mm and 50x80 mm.
